

DEPARTMENT OF GENERAL SERVICES
Executive Office

May 14, 2004

The Honorable Wesley Chesbro, Chair
Joint Legislative Budget Committee
State Capitol, Room 5100
Sacramento, CA 95814

Dear Senator Chesbro:

As required by Government Code Section 8878.97, this report provides expenditure information for activities being carried out pursuant to the Earthquake Safety and Public Buildings Rehabilitation Bond Act of 1990 for local government buildings. The Bond Act requires that:

“The Director of General Services shall provide to the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature a listing of expenditures for activities pursuant to this article by January 10 of each year. This information shall be submitted either in the Governor’s Budget documents or a separate report.”

In keeping with our commitment to encourage conservation, we have posted this report to our website. The report can be viewed at <http://www.legi.dgs.ca.gov/Publications/2004LegislativeReports.htm>. The report is entitled *Earthquake Safety and Public Rehabilitation Bond Act of 1990 Status Report--Bond Act Expenditures for Local Government Buildings*.

If you need further information or wish to receive a copy of this report, please contact Joel McDonald, Chief, Seismic and Special Programs Section, Professional Services Branch, Real Estate Services Division, Department of General Services, at (916) 375-4884.

Sincerely,

Ron Joseph, Interim Director
Department of General Services

PROGRAM STATUS

The Department of General Services is issuing this report to the Legislature pursuant to the requirements outlined in Government Code Section 8878.97. The program is pleased to report that as of December 1, 2003, 99.9 percent of the program funds have been committed. Of the 167 projects initiated, 120 are now complete, one has a grant in process, three are planning to encumber funds, and 43 projects have been withdrawn or canceled by local agencies.

BACKGROUND

Under the Earthquake Safety and Public Buildings Rehabilitation Bond Act of 1990, voters approved bonds to be sold in the amount of \$300 million, of which \$50 million was for seismic retrofitting of local government essential services and public safety buildings. Approximately \$4.04 million was set aside for support; and \$500,000 was allocated to Riverside County per the provisions of SB 248 (Ch. 332, Statutes of 1993).

Phase I (1994) appropriated \$45,478,621 of the \$50 million for 113 seismic retrofit projects.

Phase II (1997) was comprised of 54 projects totaling \$8,785,566. (The first 27 were funded in 97/98 FY, 20 in 98/99 FY, the next seven in 99/00 FY).

Revised reappropriations in the 1996, 1997, 1998, 1999, and 2000 Budget Acts, have resulted in a reversion of \$3,427,205. There were no revised reappropriations in the 2001, 2002 and 2003 Budget Acts.

To date, 43 projects have been withdrawn (\$3,642,296 reverted); and the 120 completed projects have produced surplus money (\$2,018,388 reverted).

Therefore, the adjusted total appropriation is \$45,176,289, with a \$215,289 fund reserve.

PROJECT LIST

This local government grant status report was prepared with data available as of December 1, 2003. The 167 projects are outlined in this report as follows:

- First: Projects in the same order as listed in the 03/04 Budget Act (4 projects).
Second: Projects complete (120 projects).
Third: Projects that were withdrawn or canceled (43 projects).

The dollar amounts approved in the Budget Act for each project are predicated upon preliminary estimates furnished by local governments. Once the local jurisdiction receives bids for the project, the grant is written for the lesser of either the estimate or the actual bid amount. On December 1, 2003, the Real Estate Services Division (RESA) requested that local governments furnish a current project schedule that included bid, award, construction start, and construction finish dates. We requested justifications for any delays from those local governments which indicated that they would start construction after the June 30, 2004, deadline.

Following is an explanation of the headings on the project list:

1. Project - The name of the project; the address and use of structure; the name of the project manager for the local government, and phone number and FAX, if known.
2. Total Appropriation - The total Budget Act dollar amount.
3. Grant Amount - The dollar amount of either the actual construction bid or Budget Act amount, whichever is less.
4. Construction Award Date - The date a bid is awarded or anticipated to be awarded (the project is awarded to the contractor just after bid date). Where this column is blank, no information has been received.
5. Comments - Additional relevant items related to project progress, including any justification the local government has given for delays. Where this column is blank, no information has been received.
